

Euclid Specialty cordially invites you to the **2020 Fiduciary Claim Trends Webinar** Wednesday June 10, 2020 at 12:00 -1:00 eastern time.

Join Euclid Specialty's Managing Principal **Daniel Aronowitz** and Chief Claims Officer **Jeff Koonankeil** in a review of the claim and liability trends experienced by employee benefit plans across the country. Euclid's fiduciary experts, who have authored the **Fiduciary Liability Handbook** and **The Fid Guru Blog**, will help your employee benefit plan understand the current risks they face, including:

- A review of the most frequent fiduciary liability claim trends for defined benefit, defined contribution and health and welfare plans;
- Analysis of Department of Labor and Internal Revenue Service regulatory audits, including plan expenses, missing participant, and mental health parity issues;
- Special focus on claim trends of multiemployer and governmental plans;
- Novel cyber and crime claims experienced by benefit plans;
- Euclid Specialty's claim predictions for the coming year, including how the recent market losses and coronavirus pandemic might affect benefit plans; and
- Question and Answers – ask the fiduciary experts
